German Courses

Courses for people speaking other languages

Dear Ladies and Gentlemen

This German course is offered by the municipality of Kerzers for people who want to learn German as a foreign language.

The aim of the course is not only to learn the language, but also to exchange experiences and get to know life in Switzerland and the municipality. This way contacts between the local population and people with a mother tongue other than German can be facilitated. Understanding and being understood unites people, increases self-confidence, improves career opportunities and promotes tolerance and mutual acceptance.

This course is aimed at beginners and advanced learners alike.
